### PROFILE SUMMARY

I'm a creative video editor who loves turning raw clips into stories that really connect with people. I've worked on everything from funny podcast shorts to YouTube shorts, and mini-documentaries mostly using CapCut and Premiere Pro as my go-to tools. I enjoy working on content that makes people feel something, whether it's laughter, inspiration, or curiosity, I focus on the little details that make videos engaging and fun to watch. My goal is always to create content that feels real, looks great, and keeps people watching. Looking to improve and be better as a Video Editor.

### WORK EXPERIENCE

#### Video Content Creator Bloom digital media

JUL 2025- MAY 2026

At Bloom Digital Media, I play a key role on the media team, creating a variety of video content that supports both internal branding and client campaigns. From scripting, filming, and editing short-form content to designing visual assets for social platforms, I help bring creative ideas to life. My work spans across campaign highlights, product visuals, reels, and branded stories.

- Conceptualized, filmed, and edited engaging video content for Bloom's digital campaigns, increasing audience engagement across Instagram, TikTok, and YouTube.
- Produced high-quality short-form and long-form videos tailored for various platforms using Adobe Premiere Pro, CapCut, and DaVinci Resolve.
- Checked edited videos for mistakes and made corrections where needed.
- Collaborated with the production team to ensure smooth post-production processes.
- Assisted in editing promotional videos, commercials and social media content.
- Collaborated with the content and marketing teams to translate brand goals into visual storytelling that aligned with the company's voice and target audience.

#### Video Editor

FEB 2024-JUN 2025

#### Legacy public relation & media

At Legacy PR, I played a key role in the media team, handling a wide range of video and design projects for both internal and client-facing content. From shooting and editing interviews to designing digital assets, I contributed to content that informs, engages, and tells meaningful stories.

- Produced and edited video content including event montages, Instagram Reels, interviews and podcast.
- Operated camera equipment during live shoots, podcasts, and in-person interviews to ensure high-quality visuals and sound.
- Edited podcasts and interview videos for YouTube and social media distribution, optimizing for clarity and engagement.
- Created job vacancy flyers, rate cards, and branded graphics using Canva for internal and external communication.
- Assisted with video strategy and visual storytelling for events, brand campaigns, and client showcases.
- Maintained content quality while managing tight deadlines and balancing multiple projects.

Video Editor Assistant

**JUN 2023–JAN 2024**

**Sozo Films Limited**

During this role, I gained hands-on experience working across the full video production process – from capturing footage to editing and delivering polished final content. I supported various projects including weddings, promotional videos, YouTube podcasts, and commercial content, while consistently meeting deadlines and client expectations.

- Edited short clips, promotional videos, trailers, commercial rushes and animations, wedding videos and contributed to the overall post-production process.
- Reviewed and edited a 2-hours podcast, for a YouTube channel program on relationships.
- Classified and edited 4 hours wedding event raw recording into 45minutes of video with 98% client satisfaction rate and positive feedback.
- Performed various post-production tasks such as trimming, pasting, cutting, and blending scenes of video footage using industry-standard editing software like, Adobe Premiere Pro, Motion Graphics, Audition.
- Assisted in videography for various events and assembled raw materials for pre- production.
- Edited video and audio content of recorded programs, delivering the final product within the specified time and budget frame.

Video Editor Intern

**OCT 2022–APRIL 2023**

**CYFAMOD TECHNOLOGIES LIMITED**

In this role, I supported senior editors and the production team through various stages of post-production. I gained practical experience in organizing footage, applying editing techniques, and contributing to the creation of promotional and social media content. Working closely with experienced professionals helped sharpen my technical skills and gave me a solid foundation in real-world video editing workflows.

- Assisted in organizing and cataloging raw footage for efficient editing workflows.
- Supported senior editors in executing various creative vision.
- Learned and applied advanced editing techniques under mentorship
- Checked edited videos for mistakes and made corrections where needed.
- Assisted senior editors in assembling raw footage, trimming and arranging scenes, and enhancing overall visual appeal by adding effects.
- Collaborated with the production team to ensure smooth post-production processes.
- Assisted in editing promotional videos, commercials and social media content.
- Gained experience in industry-standard editing software and hardware.
